

Solving Autism, LLC is currently seeking to add creative and energetic BCBA's to our growing practice in North and South Carolina. Services range from consultative to comprehensive home, community and school support for individuals and their caregivers. Our agency serves multiple counties in both North and South Carolina, from ages 1 ½ through adults with a variety of behavioral, social and cognitive needs.

The ideal candidate will:

- Have current BCBA credential in good standing
- Be able to conduct various assessments, such as ABLLS, VB Mapp, Vineland, Reinforcer Assessments, etc.
- Be able to write, implement and monitor positive behavior support plans
- Be willing and able to train staff and caregivers working with our clients
- Regularly review, graph and analyze data
- Provide monthly support to families and caregivers (via face to face visits or phone consultation)
- Have a reliable car and be willing to travel to see clients in their natural environments
- Be able to work with a diverse population of clientele
- Be a fast learner and have strong interpersonal and organizational skills.

Solving Autism offers:

- Collaboration with an experienced BCBA with over 25 years in the field
- Established and rapidly growing clientele
- Potential for advancement within the company
- Competitive hourly rates
- Flexibility with scheduling in regard to time of day, location and hours per week

If interested in becoming a part of a cohesive team, please e-mail your resume with cover letter to Alyson Shaffer at solvingautism@gmail.com

P.S. Sense of humor and willingness to have fun is a must! 😊
