Psychologist

Murdoch Developmental Center (MDC) is currently seeking NC licensed (or license eligible) Psychologists with an interest in supporting people having Intellectual/Developmental Disabilities (I/DD). We prefer candidates who: 1) desire to work as a member of a comprehensive interdisciplinary team, 2) value collaborating with in-house professional peers, and 3) enjoy contributing to the measurable treatment gains of the people we serve. MDC offers a stable work schedule, a manageable caseload, and a variety of clinically distinct programs from which to match a candidate's interests/skills. MDC is an ICF IID provider located within a 30-minute drive of the Raleigh/Durham NC area. We are seeking both Masters (pay range = 60K to 99K) and Doctorate level Psychologists (pay range = 75K to 124K).

At MDC Psychologists:

- Design and oversee functionally based treatment programs for people having Intellectual Disability/Autism Spectrum Disorder, and an array of co-occurring behavioral/psychiatric disorders
- Teach/Coach staff in the implementation of treatment interventions
- Prepare behavioral outcome data for review by treatment team members
- Participate data driven neuro psychiatric medication review meetings
- Develop skill acquisition programs for enhancing a person's self-help, social, educational, recreational, and vocational competencies
- Complete standardized assessments of adaptive behavior and intellectual functioning

MDC's Compensation and Benefits:

- \$15,000 sign-on bonus
- Competitive salary range
- Paid Sick Leave (12 days/yr.)
- Paid Holidays (12 days/yr.)
- Paid Vacation (starting at 14 days/yr.)
- Comprehensive medical insurance
- Defined benefits retirement plan
