

Advanceable ABA is looking for passionate and dedicated BCBA's to provide remote ABA therapy for children with autism and related disorders. Join our team and make a daily impact on their development while growing your career! **In-person interviews will be conducted at the NCABA Conference 2/18-2/20!**

**Location:** 100% Remote (Anywhere in North Carolina)

**Job Type:** Part Time

**Benefits:**

- Professional Development (Free CEU's!)
- Flexible Schedule

**Board Certified Behavior Analyst (BCBA) Duties and Responsibilities:**

- Observing patients and assessing their behavior
- Meeting with families, teachers, or doctors to discuss the patient's treatment and progress and recommend ways to address behavioral issues
- Developing individual plans to correct, maintain, or improve certain behaviors
- Create simulated conditions where you will observe the behavior of each client
- Formulate an appropriate treatment plan that is sensitive to clients' cognitive, social, emotional, and sensory needs
- Administer treatment and tailor interventions as needed
- Suggest additional treatment by other professionals as required
- Operate within time, financial, and other resource constraints
- Remain abreast of changes in research on evidence-based practices
- Advocate for the inclusion of individuals with disorders and disabilities within society

**Board Certified Behavior Analyst (BCBA) Qualifications and Skills:**

- Proven work experience as a BCBA or similar role
- Knowledge of appropriate referral procedures
- Excellent verbal and report writing skills
- Calm, empathic, and patient nature
- The ability to remain composed and adherent to best practices, even when under duress
- Relevant training and/or certifications as a BCBA

**Experience:**

- Applied Behavior Analysis: **1 year (Required)**

- License/Certification: **BCBA (Required), LBA** (License by the North Carolina Behavior Analyst Licensure Board)

Apply today and be part of a team that truly makes a difference!
